Re – Daylight Savings Golf Group

Dear Richard,

Each year for the last five years at the end of March or at the start of April the above 28 golfers have visited your CLUB/COURSE for a weekend, playing golf and availing themselves to your Club facilities.

On behalf of the group, I would like to thank and congratulate you and your staff for their most welcoming assistance and very good service.

Your Club's staff makes our stay an excellent weekend, surpassed by no other like facility that we have visited since forming the group in 1971.

In particular, I would like to thank Ms Sheryl Harris your Marketing and Function Manager for her good organization skills and professional assistance. She has managed our visitations in a very efficient manner.

Your GOLF COURSE is always presented in an excellent condition and also makes our weekend a huge success. Please congratulate your Superintendent and his staff on the condition of the Course.

Due to all the above, we have again made a booking for 2011.

Once again, congratulations to all concerned.

Yours sincerely

Geoff Somerville
